Dear Dr. Ingersoll:

Study #:	40270
Study Title:	The Great New Community Survey: Investigating the Health and Wellness of the Transgender and Gender Non-conforming Population Residing in Virginia
Principal Investigator:	Karen Ingersoll, Ph.D.
Type of Review:	Continuation

This letter is to advise you that the above referenced study has been re-reviewed by the Virginia Department of Health (VDH) Institutional Review Board (IRB) and has been approved.

Since a Continuation Review form will need to be completed and returned annually for all ongoing research projects, a reminder letter or form will be sent to you six weeks prior to August 15, 2023 annual review due date. A brief study summary report is to be submitted to the VDH IRB within 30 days of the conclusion of the research project.

Should the project undergo changes (e.g., changes in the consent procedure, addition of potential sensitive items to research instruments, changes in treatment procedure) in the protocol or subject population, a modification form must be filed.

On behalf of the members of the VDH IRB, I wish you well on your research project.

Sincerely,

DocuSigned by:
