UVA Biorepository and Tissue Research Facility (BTRF)
Histology Order Form

FAX: 434-924-9438 | PHONE: 434-982-0487
Email: Pat Pramoonjago (pp6f@uvahealth.org)

Date: _____ Principal Investigator: _____ UVA Member: ☐ YES   ☐ NO

Contact Person _____ Phone: _____ Email: _____

Address (if outside UVA): _____

Worktag: _____

Method of payment if other than Worktag _____

Samples Being Supplied:

☐ Fresh Tissue   ☐ Frozen Tissue   ☐ Paraffin Blocks   ☐ Unstained Slides

☐ Fixed Tissue. Fixative type: _____

Tissue must be submitted in histology cassettes labeled in pencil only. Cassettes must be in a fixative or 70% ETOH.

☐ Cell Suspension in: _____; Concentration: _____ cells/ml; Amount: _____ ul

☐ Other: _____

Services requested: (check all that apply)

☐ Pulling specimen(s) from UVA clinical tissue archive   ☐ Sectioning of tissue sample(s) into cassettes prior to processing

☐ Cryostat sectioning of frozen tissue   ☐ Processing and embedding tissue into paraffin blocks

   Number of slides per sample: _____   Section thickness*: _____

☐ Histologic sectioning of paraffin-embedded tissue

   Number of slides per sample: _____   Section thickness*: _____

*4 microns standard for histology, 8 microns standard for laser microdissection

☐ Antigen Retrieval:

   High pH AR, # slides _____   Low pH AR, # slides _____

☐ Cytospin, # slides _____

☐ Other Service: _____

Slides to be used for sections: **Stains:**

☐ Charged (Standard for Histology and Immunohistochemistry)   ☐ Unstained Slides

☐ Plain [Standard for Laser Capture Microdissection (Arcturus instruments)]   ☐ Hematoxylin & Eosin (H&E)

☐ Penfoil [Standard for UV-Cutting Laser Microdissection (Leica instrument)]   ☐ Methylene Blue & Eosin – RNA protocol

☐ Director™ [for Energy-Transfer Laser Microdissection (Leica instrument)]   ☐ Masson Trichrome

☐ Other: _____   ☐ Other: _____

   (Must make special arrangements.)

Coverslip Slides: ☐ Yes   ☐ No

Special Instructions / Comments: _____
