

THANK YOU UVA CANCER REGISTRY TEAM!

National Cancer Registrars Week (NCRW) April 8-12, 2024

#NCRW24

A DIVERSE WORKFORCE SERVING A DIVERSE POPULATION

NATIONAL CANCER REGISTRARS WEEK | APRIL 8-12, 2024

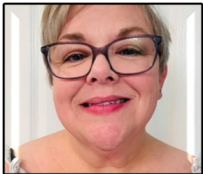

Cancer registrars are data information specialists that capture a complete history, diagnosis, treatment, and health status for cancer patients in the U.S.

This curated data provides essential information to researchers, healthcare providers, and public health officials to better monitor and advance cancer treatments, conduct research, and improve cancer prevention and screening programs. Cancer registrars work (remotely/on-site) at hospitals, medical facilities, and central registries and the information they collect is reported, by law, to the state and federal government, including the Centers for Disease Control and Prevention and the National Cancer Institute.

The Oncology Data Specialist (ODS) certification credential signifies professional excellence in the cancer registry field.

Meet the Cancer Registry Team at UVA Health

Certified Oncology Data Specialist (ODS-C)

Rebecca Buchanan

NC

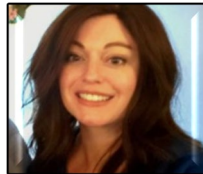

Supervisor, Oncology Registry (ODS-C)

Marvinette Palmer

VA
