

## CARDIOLOGY GRAND ROUNDS, 2003-2004 (11June04)

DATE	SPEAKER	LECTURE TITLE
09/09/03	Jonathan R. Lindner, MD (UVA)	"No Reflow After Myocardial Infarction"
09/16/03	Bradford Worrall, MD, MSc (UVA)	"Acute Stroke Evaluation: Treatment and Management of Ischemic Stroke in the Post-Thrombolytic Era"
09/23/03	Mario J. Garcia, MD	"Quantitative Assessment of Myocardial Function: Is Echo Becoming Obsolete?"
09/30/03	Robert L. Wilensky, MD	"Acute Coronary Syndromes: Vascular Biological Insights and Perspectives"
10/07/03	Noel M. Caplice, MD, PhD	"New Therapeutics for Cardiovascular Disease in the Stem Cell Era"
10/14/03	Marc D. Feldman, MD	"Tests to Identify Vulnerable Plaque"
10/21/03	George A. Beller, M.D. (UVA)	"The Predicted Consequences of the Epidemic of Obesity: How Can We Prevent Them?"
10/28/03	Leslee J. Shaw, PhD	"Cost Effectiveness of Atherosclerotic Imaging"
11/04/03	Eric J. Topol, MD	"Unraveling Coronary Artery Disease" (Dr. Topol will also speak on Monday, 11/3, at Medical Grand Rounds, 12:30-1:30 p.m., in Jordan Hall Auditorium, on the topic: "A Futuristic Approach to Platelets in Atherosclerotic Vascular Disease.")
11/11/03	(no program)	(AHA meeting)
11/18/03	Michael D. Ezekowitz, MB, ChB, DPhil	"Integrating Lipid Therapy Into ACS Critical Pathways"
11/25/03	Thomas D. Stuckey, MD	"Frontiers in the Treatment of AMI"
12/02/03	Joseph A. Hill, MD, PhD	"Cardiac Hypertrophy and Failure: Mechanics of Remodeling"
12/09/03	Marvin A. Konstam, MD	"Systolic and Diastolic Dysfunction? Time for a New Paradigm"
12/16/03	Michael S. Parmacek, MD	<i>The 4th Annual Richard S. Crampton Lectureship</i> "Transcriptional Programs Regulating Vascular Development and Disease"
12/23/03	(no program)	(holiday season)
12/30/03	(no program)	(holiday season)
01/06/04	James B. Young, MD	"Mechanical Interventions for Heart Failure"
01/13/04	Christopher M. Rembold, MD (UVA)	"Utility of Screening for Preclinical Atherosclerosis"
01/20/04	Steven E. Nissen, MD	"Assessment of Atherosclerosis Regression-Progression Using Intravascular Ultrasound"
01/27/04	(program rescheduled to 5/4/04)	
02/03/04	William A. Zoghbi, MD	"Diastolic Heart Failure: What We Can Learn From Echocardiography"
02/10/04	Robert A. Kloner, MD, PhD	"Erectile Dysfunction and the Cardiac Patient"
02/17/04	Richard L. Popp, MD	"Implications for Cardiologists of Recent Technological Innovations"
02/24/04	Andrew D. Michaels, MD	"Enhanced External Counterpulsation for Refractory Angina and Heart Failure"
03/02/04	David S. Cannom, MD	"The Role of the Implantable Cardioverter Defibrillator (ICD) in the Primary Prophylaxis of Sudden Cardiac Death: Lessons From the Randomized Clinical Trials"
03/09/04	(no program)	(ACC meeting)
03/16/04	Senthil Natarajan, MD (UVA)	"Inappropriate Sinus Tachycardia: New Advances in Mapping and Ablation"
03/23/04	Robert C. Hendel, MD	"Angiogenesis and Laser Revascularization: Is Myocardial Perfusion Improved?"
03/30/04	Pamela Griffin, MD, (UVA) and J. Randall Moorman, MD (UVA)	"Heart Rate Characteristics and Neonatal Sepsis" and "Wired"
04/06/04	Christopher Granger, MD	"ACE Inhibitors and Angiotensin-Receptor Blockers in Heart Failure: An Update"
04/13/04	(canceled)	
04/19-20	Kim A. Eagle, MD	<i>The 21st Annual Marjorie and Jaye Grollman Visiting Lectureship in Cardiology</i> <ul style="list-style-type: none"> <li>o "The Cardiac Risk of Noncardiac Surgery: Current State of the Art," <u>Medical Grand Rounds on Monday, 4/19, 12:30-1:30 p.m., Jordan Hall Auditorium</u></li> <li>o "Quality, Costs, and Revenues in Cardiovascular Care: A Roadmap for the Future," <u>Cardiology Grand Rounds on Tuesday, 4/20, 12 noon-1:00 p.m., Camp Heart Auditorium</u></li> </ul>
04/27/04	Joshua J. Fischer, MD (UVA)	"Drug-Eluting Stents One Year Later – Clinical and Financial Impact"
05/04/04	Paul Armstrong, MD (resched. fm 1/27)	"Lessons Learned From International Differences in AMI Management" (resched. fm 1/27)
05/11/04	I.K. Jang, MD, PhD	"New Approaches to Identifying Vulnerable Plaque in Patients"
05/18/04	(canceled)	
05/25/04	Joseph G. Akar, M.D., Ph.D. (UVA)	"Insights Into Novel Mechanisms of Atrial Fibrillation: <i>déjà vu</i> All Over Again:"
06/01/04	J. Christopher McClish, M.D. (UVA)	"Current Clinical Uses of Fractional Flow Reserve"
06/08/04	Jeffrey Jackman, MD (UVA)	"Aortic Valve Replacement for Non Classic Indications"
06/15/04	James P. Hummel, MD (UVA)	"Evolution of Catheter Ablation for Atrial Fibrillation: Where Do We Stand Today?"

Held Tuesdays, 12 noon-1:00 p.m., Camp Heart Auditorium, 4<sup>th</sup> floor, Hospital East, UVA Health System
