

Early detection means
peace of mind

Free Head and Neck Screening

Saturday, September 28, 2019

10:00AM -- 5:00PM

Abingdon Ear, Nose and Throat Associates
176 Valley Street
Abingdon, VA 24210

Who Should Be Screened?

- Adults who have a history of smoking, alcohol use, chewing tobacco, HPV, or radiation to the head and neck area.
- Adults who have had persistent throat pain, trouble swallowing, or worsening voice quality.

What does the screening involve?

- In the ten-minute exam, a doctor will look for signs of head and neck cancer by performing an oral cavity exam and neck exam.
- Resources will be provided on quitting tobacco, HPV, and financial assistance.

There are thousands of head and neck cancers each year, many of which can be cured. Screening can help find cancer early, when there is the best chance for a cure. Schedule your free screening today.

Call Holly at 434.924.5593 to make an appointment.
Walk-ins are also welcome
