

# Cell Biology Seminar Series

## Chuanxi Cai

*Associate Professor of UVA Medicine,  
Surgical Sciences Division*

*“Long non-coding RNA Camirt interacts Prohibitin-2  
to modulate mitophagy signaling in aging-related  
heart failure”*

Wednesday, November 30

12:00pm

Pinn Hall 3016

*Department of Cell Biology at  
the University of Virginia*
