Surgery Grand Rounds – Speaker Information

DATE:            February 26, 2020
Wm. H. Muller, Jr., MD Lecture

LOCATION:   Sandridge Auditorium (McKim Hall)

TIME:              8:00 – 9:00am

TITLE:  “When Things Go Wrong: Supporting Surgeons”

Speaker:        Hilary Sanfey, MB, BCh
Vice Chair for Education, Department of Surgery
Southern Illinois University

LEARNING OBJECTIVES:

1. Discuss the challenges to safeguarding our patients, our trainees & our colleagues
2. Describe “second victim syndrome”
3. Describe the barriers to asking for help

QUESTIONS TRUE or FALSE:

1. Second victim syndrome is more likely to impact junior trainees than senior clinicians
2. Patients are least likely to sue a physician after an adverse event if the family / patient has / have an opportunity to ask questions
3. After an adverse event, compared with men, women experience a higher incidence of burnout
4. Financial constraints are not usually considered to be a barrier to seeking assistance by physicians
5. The physician specialty most likely to seek assistance for personal stress is psychiatrists

DISCLOSURES:
Dr. Hilary Sanfey has indicated that she does not have any personal or professional financial relationships with commercial entities producing healthcare goods and/or services. (See Submitted COI)
