Surgery Grand Rounds – Speaker Information

DATE:            April 15, 2020
LOCATION:   Webex Broadcast
TIME:              8:00 – 9:00am
TITLE:         “Surgery is Primary Care: Rural Access to Healthcare and Challenges for 2020 and Beyond”
Speaker:        Alison N. Martin, MD, MPH
                 Chief Resident, General Surgery
                 University of Virginia Health System

LEARNING OBJECTIVES:
1. Understand root causes of surgical disparities in rural America
2. Describe the nature of these disparities and how they impact surgical patients
3. Explore how future policy reform and creative use of technology can impact rural health disparities

DISCLOSURES:
Dr. Allison N. Martin has indicated that she does not have any personal or professional financial relationships with commercial entities producing healthcare goods and/or services. (See Submitted COI)
