Medicine Grand Rounds

Victor Engelhard, MD

Director, Carter Immunology and Cancer Biology

University of Virginia School of Medicine

The Biology and Immunology of Cancer Immunotherapy

Wednesday, August 24th, 2016

12:00 – 1:00pm

Old Jordan Auditorium 1-5

Disclosures:

Speaker: Victor Engelhard, MD is a consultant and stock owner in Agenus, Inc. a Cancer immunotherapy company.

Planning Committee: Gerald Donowitz, MD, Ross Buerlein, MD, Peter Liu, MD, Erin McLoughlin, MD, and Annie Smith, MD; do not have any personal or professional financial relationships with commercial entities producing healthcare goods and/or services.

Learning Objectives

1. To become familiar with the nature and importance of the immune response to cancer in humans
2. To understand the factors that enable the immune system to control cancer, or that lead to loss of control and promotion of tumor growth
3. To understand the current limitations on these cancer immunotherapies, and appreciate the strategies that are being explored to enhance their activity

The University Of Virginia School Of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University Of Virginia School Of Medicine designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The University Of Virginia School Of Medicine awards 1.0 hours of participation (equivalent to AMA PRA Category 1 Credit™) to each non-physician participant who successfully completes this educational activity. The University Of Virginia School Of Medicine maintains a record of participation for six (6) years.
