

Primary Care Week

October 4 – 8, 2021

Presented by the Generalist Scholars Program Second-year Students

MON, OCT 4, 12-1pm – Practicing High-value Care

Andrew Parsons, MD
Internal Medicine
UVA Assistant
Professor

Glenn Moulder, MD
Internal Medicine
UVA Assistant
Professor

In 2018, about 50% of U.S. adults reported they or a family member put off some form of health or dental care due to cost. This session is an introduction on how healthcare providers can reduce the burden of healthcare costs on patients and the healthcare system, all the while producing better outcomes!
