

Required Notification of Off-site Rotation / Elective

Federal regulations require that ECFMG maintain up-to-date records on the locations and activities of the J-1 physicians it sponsors. Therefore, ECFMG must be informed at least 30 days *in advance* of any proposed off-site rotation or elective that will be conducted at a location other than the approved "Sponsoring Institution" or a "Participating Site" for the training program as reported to and recognized by the ACGME, including international rotations.
