Top floor of the Beacon on 5th apartment complex in the building right beside the pool and gym. The apartment is arguably the best unit in the complex, as it is on the edge of the development, looking out on to the trees, facing the sun. We do not have any pets, but management does allow pets.

Close to Wegmans, UVA Hospital, Downtown mall, I-64.

My roommate and I are moving out mid-June, and looking for someone to take the apartment when we leave.

We have some furniture items that the new tenant may keep free of charge, if

they choose, but we can also remove all furniture. Examples include a round Pottery Barn kitchen table with removable leaf, as well as a Wayfair desk (pictures available upon request).

Applicant(s) will need to be approved by Beacon on 5th management.
