● Discussion/Brainstorm

a. Match Day Vibes!

- Something for new fourth years to consider
- **Administration presents it as one of the best days of your life**
- **Deans could maybe do a better job of focusing more on celebrating the students successfully matching instead of focusing on the ceremony itself**
- **Wide variety of emotions being felt from all students**
- **Work on giving people more space**
- **4th years should be given a bit more honesty about what to expect with the match process in order for them to be prouder of their accomplishments**

b. Volunteers needed for refugee escorts in the Primary Care Center

- FM attendings would like to help new refugees get from clinic to lab, pharmacy, call their ride for home, etc. after appointments
 1. **Biggest job would be for students to provide anticipatory guidance**
 2. **SIM coordinator for similar site may be able to help, offer SIM volunteer hours (missed what SIM site it is)**
- Do you think students would be interested/ able to help?
- We could have a spreadsheet with days/times of new patient visits and students could sign up
 1. **Student idea from prev org - students paired with refugees and worked as their unofficial guide**
