

Mulholland Monthly Meeting Agenda: May 18st, 2022

- Intro

- Welcome!

- Community Concerns and Shameless Plugs

- Follow @uvaschoolofmedicine on Instagram!
- Trauma Kits for Ukraine fundraising wrapped up!
 - **Raised over \$2000 for the kits**
- Plug our merch site [https://uva-med-fundraising.square.site/!](https://uva-med-fundraising.square.site/)
- Please add

- Updates + Debriefs

- Everyone should be fully transitioned into new positions from last election
 - Please reach out ASAP if you haven't been able to coordinate a handoff meeting with an incoming/outgoing officer - we're here to help!
- Lounge cleanup - Saturday, May 28th 9am-12pm. Bodo's provided!
 - If you come help, your club will get priority storage in the lounge moving forward
 - If you are graduating, make sure you collect any personal belongings in the lounge before leaving.
- Please submit club review forms by 6/10!
 - **Just trying to assess club activity level**
 - **How they will come up with a listserv to next year and how we can allocate funds for clubs**
- Adding the Mulholland calendar to VMed (yay!)
 - **Already up :)**
 - **They're assessing whether it'll be worth to integrate into the daily/weekly calendar itself instead of just having it as a separate link**
- Please reference the funding request cheat sheet if you have questions about funding requests - also feel free to reach out to exec :)

- Debriefs
 - MedProm-may need to find new options
 - **It was a good time overall**
 - **Was a bit expensive — bit of disparities between the costs that we were told and what we actually had to pay**
 - **Difference between expected attendance and actual attendance**
- Remember you can always contact Danny with any updates you'd like to add to our monthly newsletter
 - **I'm trying my best ~ Danny**
- Alumni Association
 - **Rusty — Been trying to get more money from AA for study materials/subscriptions**
 - **Got \$100 for 100/150 students, did on a first come first serve basis (not terribly fair and came out of the blue)**
 - **Hopefully in the future this can be expanded, such as everyone in the class getting money**
 - **SMD25 - know that this money exists**
 - **Extra group discount if the school itself pays for group subscriptions**
 - **Possibility of sending the money to the Mulholland account next year so that we can send out one big check**
 - **Also let everyone pay individually with activation codes? Done for SMD23**
- Please add here

● Discussions and Brainstorming

- Working on budget for next academic year
 - **Naj - Might make sense to separate the gym fund from the lounge/other miscellaneous budget due to the high activity of the gym**
 - **And we're working on accomplishing that - Eboard**
 - **Lounge fund - anyway to make a sustainable budget for supplying the coffee machine with coffee**

- **Paul - can we get a breakdown of where our tuition is going to know how much is being allocated to the social fund/mulholland society**
- ATMS Big/Little Sib Program
 - **Not present — will talk about this next meeting**
- VMOO counselors and participants
 - **Counselors have all been chosen and are meeting on Sunday**
 - **Email being sent out to incoming M1s in June**
 - **Already have a site, working on snagging the tents**
 - **Tons of VMOO supplies in the lounge**
- Changes to how EPAs are reported - update/discussion/brainstorming how to address with leadership
 - **SMD24 SMEC Reps**
 - **Joined the EPA meeting by Dr. Carsons**
 - **Adding a histogram of the EPAs that gets sent to residencies and where we lie on the histogram**
 - **Shows how many credits that we've finished**
 - **Way to show that we achieved our professional requirements**
 - **SMD24 expressed concern for this move so it won't be taking place, but this will probably happen for SMD25**
 - **Histogram will supposedly show how many that you've completed?**
 - **Ultimate goal would be to show specific rankings/ratings on the histogram and not just percent completion**
 - **Structuring of the EPA program is very dynamic and they meet a lot**
 - **Not really fair that the SMEC reps would have to be constantly on top of this**
 - **Is there a need to have EPA chairs?**
 - **Hard for M2s/M3s to join because they meet every other monday and they're on rotations**
 - **John Arnold working with admin regarding VMED and some oddities/difficulties with EPA entries to make the process more usable?**

- Equivalency of 4th year experience between Inova and Cville campuses → humanities electives, housing support
 - **Elizabeth Levit - pushback from Cville to put humanities electives online**
 - **INOVA students can't take them unless they move back and pay double rent**
 - **Only online elective that will be offered is on climate change because an INOVA faculty developed it**
 - **All of the other electives are not being given**
 - **Faculty members don't think that Zoom would be a conducive learning environment (despite these classes being offered on Zoom during the pandemic?)**
 - **Pushback isn't coming from the SOM, but from the faculty themselves**
 - **No electives being offered specifically just for INOVA students**
 - **Potentially meet with Dr. Kibbe and Dr. Keeley**
 - **For ACES where INOVA students have to come down to Cville, they get no financial support for housing**
 - **Away rotations for Cville students do get financial support**
 - **Talk with Dr. Trimble about these issues**
 - **Krystyna**
 - **Meeting with several deans**
 - **Hardline from one of the deans that INOVA is essentially a different medical school with its own pros and cons regarding its training**
 - **MK**
 - **Odd argument made was that because you only need to take 2 ACEs and they don't have to be in your preferred specialty, you can take INOVA ACEs and not move, thus INOVA students don't need financial housing support?**
- **Rusty**

- **Trying to get us money for Step 1 & 2 fees, as they are barriers for graduating**
- **Bring up these concerns to Deans when we see them**
- **Rusty has talked to two Deans and the Alumni Association, but more movement is needed on our behalf**
- **Misky**
 - **Finance director is detailing all of the Mulholland financial details over the past years to be compiled**
 - **Trying to make it clear how much we deserve and what money we can get for supporting other endeavors**

○ Please add here

● Upcoming Events and Future Items

- Graduation - May 22!
- Orientation for SMD26
 - **Paige was going to reach out to the clubs once the school year is over to organize events by SMD25**
 - Activities Fair - Mon. 8/8/22
 - Social orientation schedule
 - Student panel
 - ATMS Welcome BBQ
 - Day of Service 8/9
- VMOO updates
- Summer social events?
 - Working out budget!
