| ADVOCATE’S REPORT   | General Assembly recommending Mental Health changes due to recent events  
- New bill introduced to increase length of time for ECO’s (currently up to 4) up to 24 hours.  
- TDO regardless if a bed is available. Patient safety first. May need to be in ED in secured area. CSB’s held responsible to continue to search for an acute bed.  
- State Hospital’s role currently unsure. Possibly be a default  
- Electronic Bed Locator-beginning in March. All hospitals required to enter empty beds.  
- Appropriate offenders could be sent to jail  

Chesapeake Training Center will not be closing.  

Crisis Stabilization Centers: seems to be working at present.  
- None in Winchester  
- Harrisonburg/Rockingham has one  
- UVa has one  
- Valley has one  

WSH: move complete. Most complaints are minor thus far; restricted roaming area is the biggest. Patients are only allowed in the courtyard and not outside of facility. |                         |
