

PUBLICATIONS

Completed Publications in Scientific Journals

1. Marshall JC, Gibson DG. Origin of the third heart sound. *Brit Med J* 3: 778, 1969.
2. Gibson DG, Marshall JC, Lockey E. Assessment of proximal tubular sodium reabsorption during water diuresis in patients with heart disease. *Brit Heart J* 32: 399-405, 1970.
3. McDonald A, Harris A, Jefferson K, Marshall JC, McDonald E. Association of prolapse of the posterior cusp of the mitral valve and atrial septal defect. *Brit Heart J* 33: 383-387, 1971.
4. Tessier Y, Littleton P, Collet H, Marshall JC, McDonald EL. Plasma fibrinogen after the replacement of heart valves by grafts and prostheses. *Lancet* 1: 17-19, 1971.
5. Burke CW, Marshall JC. Ovarian failure with probably pituitary tumor. *Proc Royal Soc Med* 64: 1066-1067, 1971.
6. Anderson DC, Marshall JC, Fraser TR. Measurement of luteinizing hormone and plasma testosterone-like substances in the investigation of hypogonadism. *Proc Royal Soc Med* 64: 1265-1266, 1971.
7. Marshall JC, Fraser TR. Amenorrhea in anorexia nervosa: assessment and treatment with clomiphene citrate. *Brit Med J* 4: 590-592, 1971.
8. Marshall JC, Anderson DC, Burke CW, Galvao-Teles A, Fraser TR. Clomiphene citrate in men: elevation of cortisol, luteinizing hormone, testosterone and steroid-binding globulins. *J Endocrinol.* 53: 261-276, 1972.
9. Anderson DC, Marshall JC, Young JL, Fraser TR. Stimulation tests of pituitary-leydig cell function in normal male subjects and in hypogonadal men. *Clin Endocrinol* 1: 127-140, 1972.
10. Anderson DC, Marshall JC, Galvao-Teles A, Corker CS. Gynaecomastia and impotence associated with abnormal testosterone binding. *Proc Royal Soc Med*, 65: 787-788, 1972.
11. Besser GM, McNeilly AS, Anderson DC, Marshall JC, Harsoulis P, Hall R, Ormston BJ, Alexander L, Collins WP. The hormonal responses to synthetic luteinizing hormone and follicle-stimulating hormone releasing hormone (LH/FSH-RH) in man. *Brit Med J* 3: 267-271, 1972.
12. Marshall JC, Harsoulis P, Anderson DC, McNeilly AS, Besser GM, Hall R. Isolated pituitary gonadotropin deficiency: gonadotropin secretion after synthetic LH/FSH-releasing hormone. *Brit Med J* 4: 643-645, 1972.
13. Tunbridge WMG, Marshall JC, Burke CW. Primary hypothyroidism presenting as pituitary failure. *Brit Med J* 1: 153, 1973.
14. Galvao-Teles A, Anderson DC, Burke CW, Marshall JC, Corker CW, Brown RL, Clark ML. Biologically active androgens and oestradiol in men with chronic liver disease. *Lancet* 1: 173-177, 1973.
15. Marshall JC, Anderson DC, Fraser TR, Harsoulis P. Human luteinizing hormone in man: studies of metabolism and biological action. *J Endocrinol* 56: 431-439, 1973.

John C. Marshall, M.D., Ph.D.

16. Mortimer CH, Besser GM, McNeilly AS, Marshall JC, Harsoulis P, Tunbridge WMG, Hall R. The LH/FSH-releasing hormone test in patients with hypothalamic-pituitary-gonadal dys function. *Brit Med J* 4: 73-77, 1973.
17. Harsoulis P, Marshall JC, Kuku SF, Burke CW, London DR, Fraser TR. A combined test for the assessment of anterior pituitary function. *Brit Med J* 4: 326-329, 1973.
18. London DR, Butt WR, Lynch SS, Marshall JC, Owusu S, Robinson WR, Stephenson JM. Hormonal responses to intra nasal luteinizing hormone releasing hormone. *J Clin Endocrinol Metab* 37: 329-331, 1973.
19. Beumont PJV, Corker C, Friesen HG, Kolakowska T, Mandelbrote BM, Marshall JC, Murray MAF, Wiles DH. The effects of phenothiazines on endocrine function: effects in men and postmenopausal women. *Brit J Psychiatry* 124: 420-430, 1974.
20. Shaw RW, Butt WR, London DR, Marshall JC. Variation in response to synthetic luteinizing hormone-releasing hormone (LH-RH) at different phases of the same menstrual cycle in normal woman. *J Obst Gyn Brit Cwlth* 81: 632-639, 1974.
21. Joplin GF, Jackson RA, Arnot RN, Burke CW, Doyle FH, Harsoulis P, Lewis PD, Macerlean DP, Marshall JC, VanNoorden S, Fraser TR. The effect of yttrium 90 implantation on endocrine function and visual fields in patients with 'functionless' pituitary tumours, with biopsy and radiological findings. *Clin Endocrinol* 4: 139-163, 1975.
22. Shaw RW, Butt WR, London DR, Marshall JC. The oestrogen provocation test - a method of assessing the hypothalamic-pituitary axis in amenorrhea. *Clin Endocrinol* 4: 267-276, 1975.
23. Marshall JC, Odell WD. Preparation of biologically active ¹²⁵I LHRH Suitable for membrane binding studies. *Proc Soc Exp Biol & Med* 149: 351-355, 1975.
24. Marshall JC, Reed PI, Gordon H. Luteinizing hormone secretion in patients presenting with post-oral contraceptive amenorrhea: evidence for a hypothalamic feedback abnormality. *Clin Endocrinol* 5: 131-143, 1976.
25. Kjeld JM, Harsoulis P, Kuku SF, Marshall JC, Kaufman B, Fraser TR. Infusions of hFSH and hLH in normal men - kinetics of human follicle-stimulating hormone. *Acta Endocr* 81: 225-233, 1976.
26. Marshall JC, Shakespear RA, Odell WD. LHRH-pituitary plasma membrane binding: the presence of specific binding sites in other tissues. *Clin Endocr* 5: 671-677, 1976.
27. Wakeling A, Marshall JC, Beardwood CJ, deSouza VFA., Russell GFM. The effects of clomiphene citrate on the hypothalamic-pituitary-gonadal axis in anorexia nervosa. *Psychological Med* 6: 371-381, 1976.
28. Clayton RN, Shakespear RA, Marshall JC. LHRH binding to purified pituitary plasma membranes: absence of adenylate cyclase activation. *Molecular & Cell Endocrinol* 11: 63-78, 1978.
29. Heber D, Marshall JC, Odell WD. GnRH receptors: identification, specificity, and quantitation in non-pituitary tissues. *American Journal of Physiology* 235: E227-E230, 1978.

John C. Marshall, M.D., Ph.D.

30. Clayton RN, Shakespear RA, Duncan JA, Marshall JC. Luteinizing hormone releasing hormone inactivation by purified pituitary plasma membranes: effects on receptor-binding studies. *Endocrinology* 104: 1484-1494, 1979.
31. Clayton RN, Shakespear RA, Duncan JA, Marshall JC. Radioiodinated non-degradable gonadotropin-releasing hormone analogs: new probes for the investigation of pituitary gonadotropin releasing hormone receptors. With appendix by PJ Munson and D Rodbard. *Endocrinology* 105: 1369-1381, 1979.
32. Marshall JC, Kelch RP. Low dose pulsatile GnRH in anorexia nervosa: a model of human pubertal development. *J Clin Endocrinol Metab* 49: 712-718, 1979.
33. Savoy-Moore RT, Landefeld TD, Marshall JC. Hormonal measurement in rat anterior pituitary cell cultures: loss of radioimmunoreactive LH counteracted by fetal calf serum and bacitracin. *Mol & Cell Endocrinol* 18: 11-20, 1980.
34. Bourne GA, Regiani S, Payne AH, Marshall JC. Testicular GnRH receptors - characterization and localization on interstitial tissue. *J Clin Endocr Metab* 51: 407-410, 1980.
35. Savoy-Moore RT, Schwartz NB, Duncan JA, Marshall JC. Pituitary gonadotropin-releasing hormone receptors during the rat estrous cycle. *Science* 209: 942-944, 1980.
36. Kelch RP, Hopwood NJ, Marshall JC. Diagnosis of gonadotropin deficiency in adolescents: limited prognostic usefulness of a standard gonadotropin-releasing hormone test in obese boys. *J Pediatrics* 97: 820-824, 1980.
37. Valk TW, Corley KP, Kelch RP, Marshall JC. Hypogonadotropic hypogonadism - hormonal responses to low dose pulsatile administration of gonadotropin-releasing hormone. *J Clin Endocr Metab* 51: 730-738, 1980.
38. Corley KP, Valk TW, Kelch RP, Marshall JC. Estimation of GnRH pulse amplitude during pubertal development. *Pediatric Research* 15: 157-162, 1981.
39. Frager MS, Pieper DR, Tonetta SA, Duncan JA, Marshall JC. Pituitary gonadotropin-releasing hormone (GnRH) receptors: effects of castration, steroid replacement and the role of GnRH in modulating receptors in the rat. *J Clin Invest* 67: 615-623, 1981.
40. Pieper DR, Richards JS, Marshall JC. Ovarian GnRH receptors-characterization, distribution and induction by GnRH. *Endocrinology* 108: 1148-1156, 1981.
